## Top quality shuttles - precision engineered in the UK

### Tired of paying inflated prices for inferior quality?

Now you can buy direct from IWM.  
Careful selection of materials together with close-tolerance machining maximises the working life of our shuttles.

### Here are some comments from end users:

*"Required less 'bedding in' time."  
"Excellent quality of joint."  
"When can I have some more?"*

We can manufacture any type of shuttle from a sample, even an old or worn-out part will do.

### Product benefits:

- ü Quality engineered to Aerospace standards.
- ü Superior material specifications.
- ü Extended working life.
- ü Enhanced surface finish eliminates wire scratching
- ü Factory-direct pricing.

### Updated Web Site

For all our customers with access to the World Wide Web, you can now find us on the internet:

<http://business.virgin.net/iwm.ltd/>

There you will find information and full data sheets for our extensive range of products.

### Wey Hwang move to larger factory

To cope with the massive demand of machine options, Wey Hwang have had to relocate to a larger factory.

The new facilities will improve delivery time and allow for larger research and development laboratories.

### How to reach us

Should you need help with machine choice or require a demonstration, please contact us by any of the following methods:

**Post:** IWM Ltd  
Units 4A & 4B  
Delta Drive  
Tewkesbury Business Park  
Tewkesbury  
Glos. GL20 8HB

**Fax:** (01684) 290551

**Modem:** (01684) 273705

**Email:** [iwm.ltd@virgin.net](mailto:iwm.ltd@virgin.net)

**Web:** <http://business.virgin.net/iwm.ltd/>

Alternatively return the fax back form on the reverse side of this page; simply complete your details where known.

## Wey Hwang launch new range of toroid winders

The "continuous improvement" policy at Wey Hwang has brought about a complete redesign of the toroidal range.

### Now with modular design

The new series offers a modular capability so one machine base can take a selection of winding heads increasing versatility and scope of the machine.

### Why choose anything else?

Included in the range is a specially designed low-cost model. Whilst

**UNBEATABLE!**

## Need a sample?

IWM offer an efficient core sampling service. From the bare core specification, we select best equipment to use, wind some samples and return them to you together with example production times, quotation etc. we can then demonstrate the machine to get your production started at your premises at your convenience.

**All this is available to you absolutely free**
